

## Details published of 62 charities registered during May 2018

2 July, 2018

The applications of 62 charitable organisations were approved by the Charities Regulator during May 2018 and added to the Register of Charities.

A total of 349 charities were registered during the first five months of the year. The number of charities on the register at the end of May was 9,452.

“The Register of Charities is an important resource for the public,” Charities Regulator Chief Executive John Farrelly said. “We would encourage anyone who is considering supporting a charity through donations, volunteering, or in any other way, to check their entry on the public register in order to learn more about them.”

The [Register of Charities](#) can be searched or downloaded from the Charities Regulator’s website [www.charitiesregulator.ie](http://www.charitiesregulator.ie)
